

**to each their own botanical skin care, by dermal enhancements**

This skin care line has been designed to be a set of base compounds which can be customised according to client skin needs, texture and scent preferences, health requirements (i.e., several essential oils should not be used by pregnant or nursing women; some essential oils are not well suited to certain skin and/or health/medications).

I do recommend starting small to ensure the product is suited to your skin. Also, all products should be used within 6 months maximum when kept away from direct sun and heat. A cosmetic fridge is a great idea. RETURN YOUR PACKAGING FOR STERILIZATION AND REFILL.

**Happy Day Stuff Serve and Protect Hyaluronic Acid Serum.** (water based). 1 oz 2 oz (\$32/\$64)

This was designed to soothe, hydrate, and protect for day but can be used at night as well. If you choose to use in combination with G'Night Gracie please ensure you use G'Night Grace FIRST and THEN apply Happy Day Stuff. Happy Day Stuff is loaded with skin nourishing ingredients to target acne, dryness, aging.

Aloe leaf juice, organic alcohol, DMAE bitartrate, jojoba seed oil, emulsifying wax, glycerine, MSM, rooibos leaf extract, hyaluronic acid, organic green tea leaf extract, white tea leaf extract, white willow bark, Vitamin E, sunflower seed oil, vitamin B3, xanthan gum, bakuchiol, niacinamide, arctic cranberry seed oil, silk amini acids, banana extract, rosehip extract, horse chestnut, glutathione.

**Mug Shot Soothe and Cleanse** (micellar milk; 4 oz bottle) (\$20). This is a 2 in 1 spritz and hydrate in morning and through the day if you aren't wearing makeup. At night, massage into skin to break up makeup and dead skin cells and then wash/wipe away with tepid water and a cloth. THIS IS A TWO IN ONE---REFRESHING TONER AND CLEANSER. I recommend one of our vibrating silicone cleansing tools (battery

included, plus a spare), \$20. Really stimulates skin and loosens dead cells for ultimate cleansing. This is a great product for all skin types. Gentle and soothing. SHAKE WELL

lecithin, green tea extract, zinc, and colloidal oatmeal, aloe vera extract, glycerine, centella asiatica, buddlja davidii, thyme, cucumber peel extract, sea algae, pineapple extract, banana extract, yucca, arnica montana, bruriti oil, zinc oxide, cinnamon bark oil.

**Mug Shot Soaked Mason Jar Facial Wipes** (one month supply for heavy makeup and/or acneic/oily skin...made to suit) \$17. Great for travelling. These have ingredients that actually serve the skin. Can be used on your kiddos. Nothing but soothing, calming love with excellent dermal care.

**Settle Down Face Masks:** 10 for \$10 These intensely hydrating single use masks are drenched in hyaluronic acid, aloe, oatmeal, zinc, chamomile and yarrow flower waters, plus watercress and yucca extracts. The result is to address acne and maskne, address the signs of aging, or for use after a sunburn or skin treatment, to address general irritation. These masks can be infused with additional ingredients to target other concerns, which are made to order. Great for bridal showers, girls nights or for a once weekly hydration blast.

**Good Night Gracie Anti Oxidant, Intense Vitamin Oil Based Night Repair.** 1 oz/2 oz (\$32/\$64) Primarily for use at night but if you are super serious about optimizing skin care then use with Happy Day Stuff together both morning and night. See order of application above. This is entirely oil based but nothing will clog pores. Every ingredient serves the skin. If you hate the feel of greasy skin, this product should be at least tried. It absorbs well and it is loaded with all things the skin craves. Anhydrous...no water, all oil based. Will last longer...as long as it is kept in dark location. It is heaven.

are also using Mug Shot, the order is MUG SHOT, G'NIGHT GRACIE, AND HAPPY DAY STUFF.

Rosehip Seed Oil, Olive Squalane, Jojoba, Frankincense, Bakuchiol, Neroli, Geranium, Vitamin E, Helichrysum, Macerated Carrot, Borage, Moringa, Raspberry Seed, Blueberry Seed, Grapeseed, Apricot Kernel, Ginseng Panax, Acerola Cherry Oil, Caiaue (Ojon) Oil.

**NINETEEN NINJAS Peptide Booster** (\$65 2 oz). Loaded with over 29 engineered peptides and actives that have been scientifically shown to regenerate collagen, reduce lines and wrinkles, soften and correct expression lines, even inhibit

expression like a topical “Botox”. The results are amazing. I chose to create this as a booster in order to pack it. It does not replace daily moisture. But it sure as heck packs an antiaging, hydrating and repair punch. Nothing on the market for this price. I suggest using on aging hands, puffy arms/armpits, knees and anywhere you see lax skin. Add a few drops to your daily routine. I modelled this after other products with only 5 to 8 peptide boosters.

Edelweiss extract (firms, improves tone, more potent than Vit C) , Actifol™ . SynAke™ (attenuates muscle contraction and safer and cheaper than injection neurotoxin), galactoarabinan, Argireline™, SynColl™ (produces collagen, stimulates the skin), Matrixyl3000™ (messenger amino acid, restores and maintains a youthful appearance) , Fision Wrinkle Fix™ (minimizes deep wrinkles, reduces age spots), Uplevity™ (tightens dermal elastin and collagen fibers, addresses skin laxity), Alpha Arbutin (reduces melanin formation, addresses pigmentation issues, brightens skin tone), Antarticine™ (promotes skin regeneration and protects against harsh environmental stress), Inyline™ (inhibits muscle contraction, softens expression lines), SynTacks™, NaturePep Teff™ (stimulates collagen, tones dermis), ReproAge™ (reduces wrinkles, supports cellular reprogramming, promotes epidermal self renewal) , Fision Hydrate™ (long lasting moisture, addresses dryness and laxity), Ceramide Complex (forms a barrier to lock moisture, repairs, anti aging), Horse Chestnut (soothing, hydrating, anti irritating), HMW Hyaluronic Acid (champion moisture provider), Glutathione (skin lightening, strong anti oxidant), Pumpkin Seed Extract (very high vitamin, omega, and mineral content, skin lifting), Propendiol 1,3 (humectant, emollient, skin penetration enhancer, moisture boosting), Bisobolol (enhances product penetration, heals, protects), PephaTight™ (immediate tightening effect, protects against oxidative stress), Snap8™ (attenuates muscle contraction, safer and cheaper than injection neurotoxins).

I may alternate peptides based on availability with the promise that the balance of skin targets is maintained with each compound.

**No Excuses Sunshine for Face with Zinc Oxide** (tinted to suit). \$25 If you wear makeup and do not reapply sunscreen during the day, THEN PLEASE AT LEAST ADD A TINTED MOISTURIZER WITH ZINC OXIDE. Sun is the NUMBER ONE factor in premature aging. Beauty Blender included.

Decamethyltetrasiloxane, jojoba oil, zinc oxide, oxide (tint).

**Bespoke Beauty Serum** \$30 (MADE FOR YOU). What do you need specifically? What is your skin care or set of skin care concerns? Give me 2 to 3 weeks and I will make something with ingredients that are known to treat the skin issues that bother you.

**Glove Love Intense Hand Salve** \$18. This is for cracked, hardworking hands. Clients report that it is great for eczema. Very dense. Can be used anywhere on the body...even the face.

High Molecular Weight Hyaluronic Acid, Calendula Butter, Carrot Butter, Green Tea Extract, Mango Butter, Beeswax, Essential Oils and Extracts containing Vitamins A, C, E, beta carotene and antioxidants (carrot, frankincense, clove, jojoba, grapeseed, chamomile, cucumber leaf, aloe) arrowroot powder, yarrow, leucidal liquid

**Rough Trade Body Slather.** Vitamin A,C,E Hand and Body Lotion. Unscented or fragranced with your favourite essential oils. 6 oz squeeze bottle. \$16

Deionized Water, Safflower Seed Oil, isopropyl myristate, glycerine, stearic acid, cetyl alcohol, shea butter, apple seed oil, methylsulfanylmethane, Vitamin E, Vitamin A, Tetrahexyldecyl Ascorbate (Vitamin C), Aloe vera extract, calendula flower extract, chamomile flower extract, comfrey root extract, cucumber fruit extract, carbomer, xanthan gum, triethanolamine, phenoxyethanol, hexylene glycol, caprylyl glycol

**Rough Trade Tighening Body Slather** (for the jiggles). \$30 6 oz

This body cream contains 2 targeted peptides as well as 6 ingredients known to target cellulite.

Deionized Water, Safflower Seed Oil, isopropyl myristate, glycerine, stearic acid, cetyl alcohol, shea butter, apple seed oil, methylsulfanylmethane, Vitamin E, Vitamin A, Tetrahexyldecyl Ascorbate (Vitamin C), Aloe vera extract, calendula flower extract, chamomile flower extract, comfrey root extract, cucumber fruit extract, forksholii root, amaranth oil, MSM, gotu kola (centella asiatica), horse chestnut extract, Boswellia extract, caffeine, Adifyline™, Actigym™, carbomer, xanthan gum, triethanolamine, phenoxyethanol, hexylene glycol, caprylyl glycol

**My Whole and Pure Self Body Scrub:** Intensely nourishing body scrub with gentle pumice and jojoba beads. Add your favourite essential oils. 2 Oz/3 oz \$10/\$15.

Safflower seed oil, silica, polysorbate 80, sweet almond oil, grapeseed oil, Vitamin E, Vitamin A, pumice, jojoba beads, essential oils.

**Soul & Spirit Session Aromatherapy Imagine Moment Roll On** \$7/\$12 (T.E.T.O blends or made to suit). Smell good and feel good. Aromatherapy de-stresses, reduces anxiety and helps with tension. These are locally made blends. We do not agree that other patented blends do not advise the products. Essential oils can cause sensitivity to our pets and us, without knowing what your blends are made of you have no idea if sensitivities may occur. Blends can be made to order. Think anxiety, depression, Zen, home aroma, sleep.

T.E.T.O. (TO EACH THEIR OWN) Essential Oil Blends in 1 oz amber jars, .5 oz clear bamboo pipette bottles with dried flowers. \$18; \$15 each.

Rattan and Fiber Reeds for bottle diffusing: \$5 a bundle.

Inhalers: \$2.50 with 2 wicks. (additional wicks \$1.00 each)

Ms. Piggy's Perfect Date (dry) French Green and Bentonite Clay Masque. Small/Large (\$15/\$20) (add a nano mister for \$15). Purifies pores, removes dead cells and bacteria. Important for all skin but especially for inflamed skin such as acne, rosacea.

**Dirty Deeds Produce Ick Cleanse \$7** For your fruits and veggies. **HANDS ARE ALL OVER YOUR STUFF AT THE STORE!!!!** And if it came from the garden, well critters might have pooped on it. Clean it. Just clean it. Tap water is not going to be enough.

### **ALL EYES ON ME \$40**

Our light eye gel contains 3 amazing peptides to address skin laxity around the eyes, as well as discolouration. Eye'fective is a multi-functional active that focuses on lifting droopy eyelids, lightening dark under eye circles, and making wrinkles less visible. Eye'fective contains extract from two white flowers; Hawthorne and Arabian Jasmine. Hawthorne is rich in flavonoids; skin care products that include flavonoids are capable of contributing towards maintaining the skin's overall quality and appearance, and traditionally used to treat circulatory problems. Arabian Jasmine is rich in iridoid glycosides and flavonoids, traditionally used by its anti-inflammatory and antiseptic properties.

Eye'fective works to lighten dark circles by reducing permeability of blood vessels and capillaries, improves blood circulation and decreases the accumulation of skin darkening molecules. Eye'fective also works by increasing synthesis of collagen, producing a lifting effect, and the inhibition of collagen glycation boosts skin firmness.

EYEDELINE™ *marine ingredient* is a new cosmetic active which provides complete care of the eye contour area by reducing fluid extravasation and increasing the degradation of bilirubin. It also boosts collagen and elastin synthesis and decreases the formation of advanced glycation end products (AGEs), for a brighter and younger look. It is part of Lipotec's new BIOINTEC™ blue biotechnology line of biotechnological ingredients. Isolated from a naturally-occurring marine microorganism (*E. crustaceum*) isolated in Playa Paraiso, Tenerife Island in Spain, it is produced through biotechnology, so there is no harvesting or extracting from nature.

Eyeseryl® is a tetrapeptide with anti-edema properties with proven efficacy in reducing puffy under eyebags in as little as 15 days.

### **Keepink It Real Optimal Speed Heal \$10**

Arnica, zinc oxide, colloidal oatmeal, aloe vera, calendula, comfrey, amaranth seed oil, emu oil (can be eliminated if vegan is required), candelilla wax, allantoin.

This product can be considered an alternative to the ever popular, and petroleum based anti biotic ointment, so it is suitable for scrapes, burns and other types of skin irritation/inflammation.

**Clear and Present Changer Skin Tone Compound** 20 ml. \$37 Sunspots. Rosacea. Melasma. Uneven skin tone. Dark Under Eye Circles. As much as I would prefer to sell this at a lower cost, the mere cost of the raw materials prohibits me from doing so! In saying that here is what you are getting in your highly spreadable ointment: water, hyaluronic acid, ferulic acid, tetrahexyldecyl ascorbate (the most stable and effective form of vitamin c available to formulators), Septiwhite, Fision ActiveWhite, Pterowhite, licorice root, kojic acid, Brighlette, niacinamide, aloe extract, sandalwood extract powder, Talangyn, alpha lipoic acid, rosehip seed oil, tomatoe seed oil, daikon seed extract, Olive M (emulsifier), Emulthix (viscosity regulation), vitamin E, lemon peel bioferment, macerated carrot oil, glycerine, xanthan gum, tetrapeptide-30, sunflower lecithin.

**You Got This For Acne Prone Skin.** Serum \$35 Cream 325. This is a base compound rich in acne fighting botanicals which also soothe and nourish. Acneic skin is overly sensitive and so harsh products make the matter worse. As acne can occur in many forms (cystic, inflammatory, blackheads, whiteheads, backne, chest acne, maskne, pustules, hormonal) this serum may has been formulated to stand up to all demands. Use as a mask on affected or massage well into moistened skin, ensuring you follow with another moisturizer.

Zinc oxide, shea, kokum and calendula butters, green tea extract, pineapple extract, aloe vera leaf extract, rosehip extract, colloidal oatmeal, comfrey, sea buckthorn, niacinamide, borage, black cumin seed, bergamot, moringa, dimethyl sulfone (MSM), bentonite clay, tea tree, vitamin E, white willow bark, turmeric extract, arnica montana, lavender oil, emu oil, lactic acid. Natural preservative.

**Lip Equip Hydrating and Repairing Lip Balm** \$7.50 This is the OMG of lip salves. Dense yet velvety. Just needs a little bit of emulsifying with your (clean) fingers. Raspberry has a low SPF level and zinc oxide is a known ingredient in sun screens.

Lavender, calendula, mango and raspberry butters, raspberry seed oil, zinc oxide, apple seed oil, honey powder, beetroot extract powder, vitamin E, vitamin C, watercress extract, colloidal oatmeal, radish root ferment preservative.

**RAINING ROSES CHEEK AND LIP TINT** \$15

This is an intensely coloured water based liquid gel that provides a rosy fresh colour to the apple of the cheeks and the lips. It is made of all natural ingredients (kosher vegetable glycerine, deionised water, nature tint, hyaluronic acid) with a natural preservative. Can be sold in a squeeze tube for lip/cheek applications or a roller for use mainly on the lips. We recommend blending Just Kissed with your choice of our gorgeous 10 pack of Kabuki brushes.

**Lip Love and Reparation** (5 ML \$15; 20 ML \$45) repairs and plumps the lips with addition of Hilurlip®, **Tripeptide 30**, **Sea Code™**, **Oleo HA**, **PentaCare** and the amazing **camelina oil**. It redefines, plumps and minimizes fine vertical lines of the lips. Small particles of Sodium Hyaluronate are processed to enhance penetration and efficacy, producing a long-term volume boosting effect on the lips and an anti-aging action on the thin tissue. It also acts against the effects of outside pollution.

Due to the absence of a keratinized stratum corneum, moisture rapidly evaporates from the lips, causing them to dry out very easily. In addition, unprotected lips are especially dehydrated because of the sun, and they are continually exposed to environmental aggressions (e.g. cigarette smoke). All these factors result in lips requiring more moisturization, protection and care than the rest of one's skin.

Hilurlip® is a new way of transporting of Hyaluronic acid, especially for lip boosting products. The small particles of Hyaluronan contained in Hilurlip™ swell when they are in contact with skin water, producing a long-term boosting effect on the lips.

Hilurlip® also contains the tripeptide GHK, a well-known RCS scavenger, which protects the lips against the harmful effects of sun exposure. GHK is able to inhibit glycation therefore preventing the loss of collagen elasticity, and to protect skin cells from photodamage.

### **Properties and Applications**

- Increases lip volume, producing a long-term plumping effect on the lips.
- Enhances moisturization of lip skin.
- Protects lips' skin from environmental aggression like sun exposure and cigarette smoke, preventing premature aging of the lips.
- The oily basis of Hilurlip™ helps to lubricate the lips.

Seacode™ contains Extracellular Polymeric Substances (ECPS) from Pseudoaltermonas bacteria inhabiting extremely difficult environments. It helps reduce the appearance of facial wrinkles associated with the aging process by increasing Collagen I. It has been proven to enhance the synthesis of essential dermal proteins: as shown in vitro, it induces the synthesis of collagen I by more than 100% in Human Dermal Fibroblast (HDFa) cultures. As a result, it combats fine lines and wrinkles while helping to maintain the skin's firmness.

Seacode™ can be incorporated in facial formulations especially designed to minimize the appearance of lipstick lines, but also in anti-aging treatments.

### **Benefits**

- Fills in vertical lines to redefine the lip contour
- Fine lines above the lips are smoothed, rejuvenating the face
- Helps repair skin around the lip area

**Pentacare-NA** is a plant-derived tensing treatment for the skin, made to tighten the skin rapidly and smooth fine wrinkles. It forms a visco-elastic film without the effects of crumbling or pilling that can

be seen with other mechanical tighteners. **Pentacare-NA** is a mixture of galactomannanes obtained from the seeds of locust bean gum and hydrolyzed proteins isolated from wheat gluten. The strong molecular interaction between the two components is the base for the skin tightening effect. This is the PF (paraben-free) version.

### **Cosmetic Benefits**

- Smooths fine wrinkles
- Provides a perceptible long-lasting tightening effect
- Avoids the negative effects caused by the agglomeration of pigments in eye or lip wrinkles

**Oleo-HA** can increase lips' volume by binding more water inside the lip skin, creating good lip-plumping effect in lip glosses, balms, lipsticks, etc. Moreover, **Oleo-HA** has significant repairing effect for lip skin. It can improve dry or chapped lips, and make lips more smooth and soft after long-term application.

**Tripeptide-29** has been shown to significantly increase collagen synthesis and repair skin. Degradation of collagen is one of the leading causes of wrinkle formation. A successful anti-aging skincare regimen includes products that help maintain collagen levels, and Tripeptide-29 Solution is a great product for that. This product is a pure G-P-Hyp tripeptide where the Proline and Hydroxyproline are sourced from Glutamic Acid, a proteinogenic amino acid, found in Seaweeds.

### **Benefits:**

- Anti-Wrinkle
- Plumping
- Firming
- Encourages Collagen Synthesis
- Anti-Aging

*VersaGel* Lip Gloss Base Gel is a vegan and gluten free base that has excellent moisturising properties.

Camelina is a rich source of alpha-[linolenic acid](#), an omega-3 fatty acid. This is combined with a unique antioxidant complex makes this oil incredibly stable and highly resistant to rancidity and heat.

Camelina oil contains anti-inflammatory properties that can help soothe and calm the skin. Also, the nourishing fatty acids help support a healthy skin barrier. This is the skin's first line of defense against daily skin stressors.

This plant oil can act as a natural ingredient to help soothe and calm skin conditions such as [eczema](#).

### **Photoprotection**

The fatty acids in camelina oil such as [alpha-linolenic acid](#) help protect the skin against [photodamage](#), inflammation, and early signs of aging. While it's not sun protection, it can help reduce the negative effects of UV damage.

USAGE: Can be applied 2x a day; however, when applied at night, massage outside the vermilion border to cover peri-oral lines. This product has only a mild sun protective agent. For better sun protection, use Lip Equip during the day.

Take photographs before starting to use to track progress every 2 to 3 weeks.

**Nuit-Maste Magnesium Sublimation** \$18 (4 oz plastic pump spray) \$10 (for 2 Oz amber glass jar). Magnesium and MSM, distilled water, essential oils. The North American diet is notoriously low on magnesium. This slice of heaven not only helps with anxiety and the blues, it boosts health with dermal delivery of a much needed nutrient while also providing hydration to the skin.

**Help the Planet Hessian Soap and Scrub** (burlap is compostable and will not develop bacterial as plastic netting does). Your soap is inside the bag while you scrub and lather---exfoliating and cleansing. \$12

**Bamboo Toothbrushes and Dental Floss:** \$8

**Bamboo Reusable, Washable Makeup Remover Pads.** Pack of 4 in a washable cotton bag. \$8

The commitment is to low preservative or all natural with low landfill burden and all botanical ingredients with the exception of some bee and silk products and, depending on skin care needs, emu oil.

All product properties and ingredients will be available on my currently under construction website. If you want specifics on a particular product, please message and I will send you the laymen's terms version and the INCI (Health Canada required) version!!

CAPITALIZED NAMES IN PRODUCTS ARE TRADEMARKED INGREDIENTS AND NOT THE INTERNATIONAL NOMENCLATURE FOR COSMETIC INGREDIENT NAMES. WHEN YOU PURCHASE YOUR PRODUCT THOSE TRADE MARKED NAMES WILL BE KNOWN BY THEIR INCI REFERENCES IN ACCOMPANYING LITERATURE.
